

## Beekeeping Courses

### Beekeeping Theory for Beginners

A ten week classroom based evening course covering the essential knowledge for managing your own bees. This course will cover hives, frames, setting up an apiary, bee inspection, swarms and how to manage them, bee health, queens, honey production and processing.

Starting Monday 12<sup>th</sup> January 2015 for 10 weeks      7pm - 9pm      £95 per person

### Beekeeping for Beginners

A three day course combining theory and practical sessions providing all the information and hands-on experience to give you the confidence to be a beekeeper. You will cover : setting up an apiary, bees, hives, and frames. Queens, swarm control, honey production and processing.

Saturdays 11<sup>th</sup> , 18<sup>th</sup> & 25<sup>th</sup> April 2015      9.30am - 4pm      £165 per person

### Introduction to Beekeeping

Would you like an insight into the benefits and viability of keeping honey bees? A one day course will give you insight into the benefits and viability of setting up an apiary. This is for you if you are new to beekeeping or are considering keeping bees. The day will cover the theory giving a basic understanding of honey bees and caring for them. There will be a practical session at the apiary.

Sunday 3<sup>rd</sup> May 2015      9.30am - 4pm      £60 per person

### Intermediate Beekeeping

A two day course which includes some theory but will be mostly practical sessions for beekeepers wanting more knowledge and experience. Subjects covered will include artificial swarming, mini mating nucs and raising queens. (Practical hive work will be weather dependent).

Sundays 14<sup>th</sup> & 28<sup>th</sup> June 2015      9.30am - 4pm      £125 per person

**Agrifood Building, Duchy College, Stoke Climsland, Cornwall PL17 8PB**
